

Tyler Junior College,
The Surveying Education Foundation of Texas and
The University of Texas at Tyler present

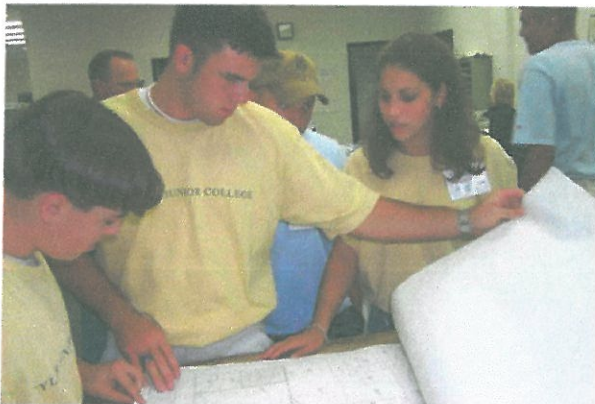

Surveying and Mapping Summer Camp 2017

June 4-6, 2017 Tyler Junior College Campus

Open to high school students who will graduate this spring or who will be seniors during the 2017-2018 school year. The camp, designed to introduce young people to the surveying and mapping profession, is free of charge to the students.

Camp activities include classroom sessions, field activities with surveying and Global Positioning System equipment and local field trips.

For complete information, including an online application, visit the camp web site at: www.tjc.edu/surveying

For more information, call Patti Williams at (903) 510-2365.
